Suncorp Bank appoints Carl Cockerham as Regional General Manager for WA

Carl Cockerham has been appointed Suncorp Bank Regional General Manager for Western Australia.

Suncorp Bank Executive General Manager for the South and West regions Danny Robinson said the appointment was great news for local business and agribusiness customers as well as for Suncorp Bank.

“Carl has more than 20 years experience in national and state, business to business/consumer markets and brings with him a wealth of knowledge combined with a solid background in financial services,” Mr Robinson said.

“Since commencing his career in the UK, Carl has spent the past eight years working in the financial services industry here in WA,” he said.

“Carl’s experience in building solid relationships with customers as well as supporting and engaging with stakeholders is particularly well-regarded.

“In his new role Carl oversees 13 branches in the Perth metropolitan area as well as a local business banking team, focusing on delivering quality service to local customers, including the business and agribusiness communities.”

Carl said he was looking forward to getting to know his new clients and colleagues as well as exploring the opportunities that existed having joined Australia’s largest regional bank.

“Suncorp Bank’s presence is really growing in the local Western Australian market, and I’m proud to join a bank that has a strong priority to be the best bank for Western Australia,” Carl said.

“Suncorp is a genuine alternative to the majors. Suncorp Bank’s customers have superior access to senior management and they really appreciate the ‘big bank capability, small bank connection’,” he said.

Suncorp Bank has a growing network of 13 branches in Western Australia offering a range of financial services solutions including personal banking, wealth management advice, insurance solutions, small business and agribusiness banking and an expanding ATM network.
